Approved For Release 2002/08/21: CIA-RDP79M00467A002700050004-4 Executive Registry March 24, 1976 MEMROANDUM FOR: Director of Central Intelligence FROM Angus MacLean Thuermer Assistant to the Director SUBJECT Washington Journalism Center Conference Lunch The discussion described in the attached letter would give you a chance to talk to editorial writers from major papers outside Washington. Julius tells me men from places such as Detroit, Chicago, Minneapolis, Providence, Boston, Philadelphia, etc. usually show up at his conferences. The sessions are like a seminar. It is not similar to the ASNE situation. It is face to face and involves give and take. I think you might have a good opportunity here to chat with out-of-town edit writers we don't very often see. STATINTL Angus MácLean Thuermer
